

School-Parent Compact

A School-Parent Compact is a written agreement of what schools and parents are each supposed to do to help students achieve.

Each served school jointly develops the compact with parents of served children.

The compact outlines how parents, teachers, other school staff, and students will share the responsibilities for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state standards.

The compact does...

describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment. Curriculum and instruction should enable the student to meet the state standards.

Additionally, a description should be included of ways in which each parent will be responsible for supporting their children's learning, such as:

*monitoring attendance
homework completion
television watching
school volunteering
education decision making
positive use of extracurricular time*

and describe ways for communication between teachers and parents such as:

*annual parent-teacher conferences where the compact is discussed
frequent progress reports to parents
reasonable access to staff
classroom volunteering, participation, and observation*

The Ohio Parent Information and Resource Center is a Parent Assistance Center established in 1995 as a collaborative project of Lighthouse Youth Services and Children's Home of Cincinnati.

Our primary focus is increasing parent involvement in their children's education. This center provides training, information and support to parents of children ages birth through five; parents of children enrolled in elementary and secondary schools; and individuals who work with these parents.

Ohio PIRC also works to strengthen partnerships between parents and professionals in meeting the educational needs of children.

The Ohio PIRC provides a number of services to schools and organizations statewide, including:

- Training opportunities
- Information and referral
- Education and social service consultation
- Assistance with parent involvement efforts
- Support to replicate our other family involvement efforts
- Presentations and training

Title I Parent Resource Brochure

What is Title I?

Title I is a federal assistance program for our nation's schools. Its goal is to help all children receive a high quality education. Title I provides extra support to those students who are furthest from meeting the state academic standards.

Title I can help a whole school.

Schools with 40% or more children with low income can receive Title I money for the whole school. This is called a school-wide program. It helps a school do more for all students by improving school programs.

Title I can help targeted programs.

Schools not eligible for a school-wide program, but meet low income criteria to receive funds may target programs that provide services to eligible children identified as having the greatest need for special assistance.
